(c) and (d) The allocation of funds for maintenance and repair of National Highways in the country is nearly 40% of the amount required as per norms. The shortfall in funds is reflected in allocation for maintenance a,nd repair which also includes periodic renewal of National Highways to all the States including Rajasthan.

(e)Periodicit is not only criteria for renewal. It also depends on condition of road.

(f) Road condition can be improved by measures such as strengthening, widening, improvement of riding quality and periodic renewal. These measures are taken up in phases depending upon condition of roads, inter-se priority of works and availability of funds.
